

FTDI US232R-100 Adaptor Cable

Drivers to suit the USB to Serial Adaptor Cable shown above can be downloaded from the manufacturer's website. To download the drivers navigate as follows:

Go to: <http://www.ftdichip.com>

Select "Drivers"

Select "VCP Drivers"

Within the Windows section, select the relevant driver to suit the version of your operating system, or download the "setup executable" located on the right hand side of the page.
