

Date: 21st January, 2008

Affected Products:	12052 – SMART ⁴ Multi-criteria detector
---------------------------	--

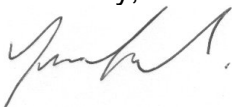

Notifier is pleased to announce the release of the SMART⁴ multi-criteria addressable sensor. This new CLIP protocol detector combines, independent carbon monoxide, photoelectric smoke, thermal and infra-red detectors, all managed by an embedded microprocessor running a set of very sophisticated and responsive algorithms.

Through the use of its individual sensor outputs and algorithms the SMART⁴ provides a solution which is both ultra-immune to non-fires and yet very sensitive to fires.

Ordering Information:

Part #	Description	Trade Price
12052	SMART ⁴ – Multi-criteria detector (CO, Photo-optical, Thermal, Infra-Red)	\$250

Sincerely,

James Edwards
